has successfully completed the online Specialization

Lead for Results: From Planning to Execution

Your job as a leader is to get results for your organization. That requires more than dedication—you need to develop smart plans and ensure your team executes them well. In this specialization, you've learned how to set ambitious goals, measure progress, manage projects that deliver successful outcomes; discovered techniques to optimize how you and your team approach work and manage time; and gained skills in delegating and negotiating. You're ready to lead projects and people with confidence—turning plans into results that fuel both organizational success and your own growth.
